RMI-G

Field Bins

The Wood Bin Alternative

The Field Bin Series, made from tough impact resistant polyethylene, is designed to withstand the most demanding field harvest applications. All Field Bins contain an easy to clean smooth interior and replaceable legs. Every Field Bin can be custom slotted to meet your specifications.

“Stack & Nest”

A RMI Innovation

This new revolutionary design from RMI allows the dual benefit of nesting or stacking without a lid. The nesting capabilities deliver huge savings on return shipments (Two bins stacked is the equivalent of six bins nested). Lids are available upon request.

See Material Handling Warranty for Details.

Limited Tank Warranty: RMI warrants to the original purchaser all tanks manufactured by RMI to be free from defects in material and workmanship for a period of five (5) years from date of manufacture, with the exception of D.O.T. and Septic Tanks, which have a special warranty. The Guido Tanks also have a five (5) year warranty. **Review the chemical resistance guide and warranty instruction information prior to the installation and use of RMI Tanks. Hard-plumbing of tank is not recommended due to the expansive/contractive characteristics of Polyethylene. All weights, dimensions, and gallonage markers are approximate.**
