

Rotonics Horizontal Leg, Saddle, Loaf, & Pick-up Tanks

RMI-C

- Available in Crosslink Polyethylene or FDA approved High Density Linear Polyethylene.
- Impact and corrosion resistant.
- Seamless, one piece construction.
- Industrial and agricultural tanks designed for transporting and sprayer applications.
- Polyethylene offers tremendous chemical resistance.
- Horizontal Leg Tanks are ideal for numerous farming containment needs, from farm chemicals to potable water.
- RMI Poly tanks are very durable, yet lightweight, and easy to install and clean.
- RMI Horizontal Leg Tanks require tie downs or saddles.
- Large horizontal tanks have vertical anti-sloshing molded in baffles, adding strength and reducing trailer pitching while towing tanks.
- Saddle assembly required for Horizontal Saddle Tank.
- Sump area on the Saddle Tanks allows nearly total drainage.

36925	195	30	61	38	8
36930	295	30	61	60	8

Limited Tank Warranty: RMI warrants to the original purchaser all tanks manufactured by RMI to be free from defects in material and workmanship for a period of five (5) years from date of manufacture, with the exception of D.O.T. and Septic Tanks, which have a special warranty. The Guido Tanks also have a (5) year warranty. **Review the chemical resistance guide and warranty instruction information prior to the installation and use of RMI Tanks. Hard-plumbing of tanks is not recommended due to the expansive/contractive characteristics of Polyethylene. All weights, dimensions, and gallonage markers are approximate.**
